ADDENDUM TO 2019-2020 UNDERGRADUATE CATALOG

Grading and Enrollment Patterns
In Winter Quarter 2020, final exams and assessments were made optional for undergraduate students. In addition, undergraduate students were allowed to change final quality grades (ABC, etc.) to Pass/No Credit grades.

In Spring Quarter 2020, all undergraduate students' classes were graded on a Pass/No Credit basis. Deadlines to add, drop and withdraw from classes were extended.

Transfer Credit Policies
Given the widespread and abrupt changes to instruction and institutional practices as a result of the global pandemic, credit earned elsewhere during the Winter and Spring 2020 terms with grades of Pass/Satisfactory/Credit, assuming all other transfer policies are met, are eligible for transfer articulation.

Credit earned elsewhere during Summer 2020 with grades of Pass/Satisfactory/Credit are only eligible for transfer articulation if they were the offering institution's only available grading options.

Additional Addendum Policies
Please find additional school specific addendum and policy guidelines at the following pages:
