MEDILL SCHOOL OF JOURNALISM, MEDIA, INTEGRATED MARKETING COMMUNICATIONS ADDENDUM

Winter/Spring 2020 P/N Grades and Medill Requirements

The opportunities for all Medill undergraduate students to apply P/N graded units towards Medill degree requirements have been temporarily expanded for Winter 2020 and Spring 2020 P/N grades.

Typically, students may not apply more than three P/N graded units (excluding the Journalism Residency quarter) toward the 45 units required for graduation. However, P grades earned during Winter 2020 and Spring 2020, may be applied toward the following degree requirements:

- Journalism Units (including IMC courses and prerequisites)
- Distribution Requirements
- WCAS Elective Concentration
- Foreign Language Requirement
- General Electives

Please Note: We cannot guarantee a course taken P/N will count for a major, minor or certificate outside of Medill. If you take a course P/N and later choose to major or minor in that course subject, it may not count. Please follow up with the department offering the major, minor or certificate to confirm their requirements for completion.

Students will not be limited on the number of P/N graded courses to apply toward their degree requirements from their Winter 2020 and Spring 2020 enrollment.

Students interested in applying to the IMC Certificate program may apply courses in which they have earned a P grade towards the program prerequisites, however they must still meet the 2.7 G.P.A. requirement to be admitted into the program. IMC courses completed with P grades from winter and spring 2020 will be accepted toward certificate program requirements.

Students may change their winter quarter 2020 grading until the deadline established on the University Academic Calendar (https://www.registrar.northwestern.edu/calendars/academic-calendars/).

Please reach out to an adviser in the Medill Office of Student Life if you have any questions. You may schedule appointments via Inspire (https://www.it.northwestern.edu/service-catalog/admin-bus/student/inspire-advising.html) – please leave the best phone number to reach you or note that you have Microsoft Teams.
