

GLOBAL HEALTH (GBL_HLTH)

GBL_HLTH 301-CN Introduction to International Public Health (1 Unit)

Introduces students to pressing disease and health care problems worldwide. The course identifies the main actors, institutions, practices, and forms of knowledge production characteristic of what we call "global health" today, and explores the factors that shape patterns and experiences of illness and healthcare across societies.

GBL_HLTH 390-CN Special Topics in Global Health (1 Unit)

Topics vary. May be repeated for credit with different topic.
