SOCIAL SCIENCES, BS

Curriculum
The Bachelor of Science in Social Sciences degree requires 45 units total, including the major, concentration, elective certificate, and elective and distribution courses.

Students take eight core courses and choose a major concentration in Law and Policy, Health, Science, and Society, or Social Justice. Social Sciences students also select an elective certificate comprised of four courses from outside of the major.

The program begins in Fall 2023.

Core and Major Concentrations
Core Courses
8 core courses in anthropology, psychology, political science, and social sciences

Major Concentrations
Choose one
- Law and Policy
- Health, Science, and Society
- Social Justice

Elective Certificates
Elective certificates provide students with the opportunity to build skills in a wide range of areas to meet career objectives and earn a stand-alone credential to demonstrate expertise in the professional arena.

Electives
- Artificial Intelligence
- Biology for Health Sciences
- Business Essentials
- Corporate Communication and Branding
- Data Science
- Human Resources
- Leadership
- Programming
- Public Health
