

# BIOLOGICAL SCIENCES SECOND MAJOR FOR ISP STUDENTS

Students must also complete the Undergraduate Registration Requirement (<https://catalogs.northwestern.edu/undergraduate/requirements-policies/undergraduate-registration-requirement/>) and the degree requirements of their home school.

**NOTE: This Catalog describes Weinberg College BA requirements that pertain to students who matriculated at Northwestern after spring quarter 2023. Refer to the Archives (<https://catalogs.northwestern.edu/archives/>) if you are following BA requirements described in the 2018-2019 through 2022-2023 editions.**

The Integrated Science Program is a highly selective BA program in Weinberg College (see Integrated Science Program (<https://catalogs.northwestern.edu/undergraduate/arts-sciences/integrated-science/>)). Students majoring in ISP who wish to complete a second major in biological sciences should fulfill the following requirements. For concentration area options, see those listed on the stand-alone Biological Sciences Major (<https://catalogs.northwestern.edu/undergraduate/arts-sciences/biological-sciences/biological-sciences-major/>) page. Note that if an ISP student is pursuing both a Biological Sciences and a Chemistry second major, it is allowable to co-count CHEM 217-2 Accelerated Organic Chemistry II toward both.
