GBL_HLTH 201-0  Introduction to Global Health 1

Plus one of the following: 2

- GBL_HLTH 302-0  Global Bioethics
- or GBL_HLTH 320-0  Qualitative Research Methods in Global Health
- or GBL_HLTH 318-0  Community-based Participatory Research Course

2 additional GBL_HLTH courses 3

3 elective courses. Elective credits can be fulfilled by pre-approved health-related courses from various departments, as listed on the GHS major page and program website. Courses taken abroad can be counted as electives provided they are NU or NU-affiliated study abroad programs and the courses have been pre-approved for GHS elective credit. Study abroad courses taken that are not NU affiliated need prior approval from the DUS.

1 GBL_HLTH 301-0 (Introduction to International Public Health) from Spring 2022 or earlier may be applied in lieu of GBL_HLTH 201-0.

2 GBL_HLTH 390-0 may be used in substitution when the topic is either (Re)Mixing Qualitative Methods, or Quantitative Methods: Turning Numbers into a Story. If Community Based Participatory Research was completed as a topic under GBL_HLTH 390-0 prior to Spring 2023, rather than as GBL_HLTH 318-0, that may also be applied.

3 GBL_HLTH 399-0 Independent Study and courses taken abroad may not be counted toward this requirement.

Note:

- Students may elect to study abroad (https://globalhealthstudies.northwestern.edu/academic-programs/study-abroad/) as part of their Global Health Studies curriculum.
- A list of eligible elective courses can be found on the Global Health Adjunct Major (https://catalogs.northwestern.edu/undergraduate/arts-sciences/global-health-studies/global-health-studies-adjunct-major/) page of this Catalog. Refer also to the Global Health Studies website for updates and occasional offerings.
