**HISTORY MINOR**

The minor in history encourages students majoring in other fields to study history and to organize their historical studies in a coherent way. The structure of the minor requires students to gain both depth and breadth in history. Students must select a concentration, which enables them to acquire significant knowledge of one area of the world, and take courses outside the concentration, which encourages an understanding of diverse cultural contexts.

**Minor Requirements (7 units)**

- At least 3 must be at the 300 level.
- Only 1 may be an introductory colloquium:
