Adjunct major in MMSS

Linguistics majors pursuing an adjunct major in Mathematical Methods in the Social Sciences (https://catalogs.northwestern.edu/undergraduate/arts-sciences/mathematical-methods-social-sciences/) (MMSS) may double-count the following MMSS courses towards linguistics major requirements (for triple major limitations see MMSS Adjunct Major (https://catalogs.northwestern.edu/undergraduate/arts-sciences/mathematical-methods-social-sciences/mmss-adjunct-major/)):

- MMSS 311-1 and MMSS 311-2 may be counted as 300-level advanced courses.

Honors in Linguistics

In the spring or summer before senior year, eligible students majoring in linguistics are invited to participate in the honors program, under the supervision of a faculty advisor. Criteria for participation in the honors program include completion of prerequisite and core coursework and sufficiently high grades in the major and overall. Students then undertake the research and writing of a thesis in conjunction with 2 additional linguistics courses beyond those required for the major. These courses may be selected from LING 398-0 Undergraduate Seminar in Linguistics, LING 399-0 Independent Study, and 400-level courses.
