MATERIALS SCIENCE MAJOR

Students must also complete the Undergraduate Registration Requirement (https://catalogs.northwestern.edu/undergraduate/requirements-policies/undergraduate-registration-requirement/) and the degree requirements of their home school.

Students majoring in materials science in Weinberg College choose from two tracks: general materials or soft materials. Requirements include foundation courses in mathematics and science and advanced electives. Course descriptions for materials science courses are listed in the McCormick School (https://catalogs.northwestern.edu/undergraduate/engineering-applied-science/materials-science-engineering/) chapter of this catalog.
