POLITICAL SCIENCE MAJOR

Students must also complete the Undergraduate Registration Requirement (https://catalogs.northwestern.edu/undergraduate/requirements-policies/undergraduate-registration-requirement) and the degree requirements of their home school.

The major in political science provides an opportunity for students to learn about politics in a variety of realms and settings. Students generally begin the major with 200-level courses, which provide a general introduction to subfields of political science as well as background for 300-level courses. Majors should choose 200-level courses from at least two subfields: American politics, comparative politics, international politics, and political theory.

While some students choose courses from within one or two subfields, most take a wide variety across different areas. Concentrations are not required; however, majors may consult with department advisers to design programs of study. Students might design concentrations around, for instance, themes such as race, ethnicity, and politics; global transformation; representation and law; social and economic inequalities; terrorism and national security; and citizenship studies.

Students planning to major in political science are advised to complete the 200-level gateway courses and at least 1 300-level course in political science by the end of sophomore year. Majors should complete their methodology requirement by the end of junior year and before taking the POLL_SCI 395-0 Political Research Seminar. Students should plan to take POLL_SCI 395-0 in junior or senior year. Those who plan to pursue honors must take POLL_SCI 395-0 in junior year.

Course | Title | Restrictions on eligible credits and substitutions include the following:
--- | --- | ---
3 gateway courses chosen from: | | • At most 1 unit of Chicago Field Studies (chosen from CFS 391-0, CFS 394-1, CFS 396-0 or CFS 397-0) may substitute for one course.
POLI_SCI 211-0 | Introduction to Political Theory | • At most two units of POLL_SCI 399-0 may count toward the 300-level requirement for the major.
POLI_SCI 220-0 | American Government and Politics | • Only one additional POLL_SCI 395-0 credit beyond the one credit required may count towards the 300-level requirement for the major.
POLI_SCI 230-0 | Introduction to Law in the Political Arena | • Honors thesis seminars POLL_SCI 398-1 and POLL_SCI 398-2 do not count toward the major.
POLI_SCI 240-0 | Introduction to International Relations | Notes about substitutions and restrictions:
POLI_SCI 250-0 | Introduction to Comparative Politics | • At most two units of POLI_SCI methodology requirement, and MMSS 311-2 double-counts as a 300-level political science course (for triple major limitations see MMSS Adjunct Major (https://catalogs.northwestern.edu/undergraduate/arts-sciences/mathematical-methods-social-sciences/mmss-adjunct-major)).

1 methodology course in political science chosen from:
POLL_SCI 210-0 | Introduction to Empirical Methods in Political Science |
POLL_SCI 211-0 | Introduction to Interpretive Methods in Political Science |
POLL_SCI 310-0 | Methods of Political Inference |
POLL_SCI 311-0 | Logics of Political Inquiry |
POLL_SCI 312-0 | Statistical Research Methods |

1 Political Research Seminar | | • Courses taken P/N cannot be counted toward the major (this is a Weinberg College rule; for details see Grade Requirements (https://catalogs.northwestern.edu/undergraduate/arts-sciences/#schoolrequirementstext)).

POLI_SCI 395-0 | Political Research Seminar | • Receiving a 5 on an AP exam (either American Government or Comparative Politics) can place students out of the equivalent 200-level course, but test credit awarded cannot be substituted for the courses (12) required to complete the major. Thus, instead of taking POLL_SCI 220-0 or POLL_SCI 250-0, the student must take an additional 300-level course. Students wishing to use their AP credit in this fashion must meet with the Director of Undergraduate Studies and place the request.

7 additional 300-level courses in political science 1 |  | • For students completing the MMSS major, MATH 385-0 fulfills the POLI_SCI methodology requirement, and MMSS 311-2 double-counts as a 300-level political science course (for triple major limitations see MMSS Adjunct Major (https://catalogs.northwestern.edu/undergraduate/arts-sciences/mathematical-methods-social-sciences/mmss-adjunct-major)).

Honors in Political Science

 Majors (including students studying abroad) with strong academic records and an interest in pursuing honors should submit an application to the honors program by March of junior year. Interested students should complete at least 7 of the courses required for the major, including the methodology and research seminar requirements, before senior year. Accepted students enroll in the 2-quarter seminar POLL_SCI 396-0, which provides guidance in writing a senior thesis; these courses do not count toward the major. Students interested in pursuing honors in more than one major are encouraged to pursue interdisciplinary honors.

Students whose theses and grades meet department criteria are recommended to the college for graduation with honors. For more information see Honors in the Major (https://catalogs.northwestern.edu/undergraduate/arts-sciences/#academicoptionstext).
