Graduates with a major in music education meet all requirements for
teacher certification in the state of Illinois as well as most other states.
Students take the professional program required of all music students,
a structured sequence of courses in general education, a basic set of
courses in music education, and special courses in the chosen music
education specialization: instrumental, choral, or general education. All
music education majors are required to complete 100 hours of clinical
observation. The combination of coursework and hands-on practical
experience results in a program that prepares professionals with a broad
understanding of music and education as well as the skills to be effective
music teachers.
